

COMPLIANCE PROGRAM AUDITING SOLUTIONS

Compliance forms the vital backbone of every health plan. Our Trilogy Health Solutions (THS) team has deep government programs compliance experience and can provide an end-to-end customized solution to address your pre- and post-audit needs. Whether preparing for an audit or developing a robust internal compliance auditing solution, THS has you covered.

With decades of Medicare and Medicaid health plan experience, we understand the importance of integrating compliance into all aspects of your business operations. As such, we also offer healthcare policy and regulation review and interpretation for your organization to help you translate new requirements into practical business solutions.

CUSTOMIZABLE COMPLIANCE PROGRAM AUDITING SOLUTIONS

- Develop compliance audits customized specifically for your health plan
- Support your team before, during, and after audits – including performing mock audits, interviewing plan employees, and responding to any requests from auditors
- Develop a comprehensive compliance audit plan and train your employees to conduct future auditing
- Review and ensure health plan operational policies and procedures meet all contractual requirements
